We are working to expand our call center to help alleviate unnecessary visits to an office for any items that can be handled via telephone. We had an independent consultant evaluate our call center and provide suggestions for improvement, which we are working to implement.

Please remember that if you must visit an office, you can make an appointment for most service types. Appointments can be made online at taxcollect.com or by calling our main line at 727-464-7777.
